# Parameters - Aspect Ratios

The image shows the Midjourney web interface. On the left, a sidebar lists various sections: Explore, Create (with 50 items), Edit, Personalize, Organize (highlighted with a red border), Chat, General Chaos, Prompt Craft, Daily Theme, Newbies, and Tasks. The main area has a header "What will you imagine?". Below it, there are two main configuration sections: "Image Size" and "Model". The "Image Size" section features a square preview with a 1:1 aspect ratio, three tabs (Portrait, Square, Landscape) with "Square" selected, and a horizontal slider. The "Model" section includes "Mode" (Standard selected), "Version" (6.1), and a "Personalize" button with "Unlock Personalization" text. To the right, there are four sliders under "Aesthetics": Stylization, Weirdness, Variety, and Speed (Fast selected). At the bottom right is a "Stealth" toggle switch set to "On".
